Recruitment Services

The focus of our recruitment programs is on adoption recruitment. This includes a wide use of technology, social media, and anything else that helps us identify adoptive/forever families.

Permanency Programs

Our permanency programs are focused on children living in foster care. These children are not on the adoption track, yet they still have needs and are awaiting permanent placement.

Family Services

These services help prepare families for the process of adoption. Our Matching Assistance Program serves over 500 families nationwide, and our local support group is hands-on in supporting our families during the adoption process.
